

## The journey back to God

The Bible is a map-book given to man to be able to return all lost souls back to God. We all have to seek God's kingdom and return to him. There is one problem though, God is spirit. How are we going to find the kingdom of God in a spirit world if we do not have a spiritual eye? It is totally impossible to see a spirit with the natural eye. Most people are waiting for a spiritual being to come to them in the natural world where they will be taken up into a spirit world to live with God in His Kingdom. This is totally impossible. To see into the spirit world, we will all need to develop a spiritual eye first. I am not saying that the Kingdom of God will not come for us; NO, this will happen for all of us. I want to prepare the seeker for when this is going to take place.

When a spirit manifests in front of you: Tells you that he is thirsty; will you be able to give him natural water to drink? NO, you will not: it has no physical body; It needs to be fed with spiritual water. If the same spirit that manifested to you walks through the sun, will he burn in the natural flames of the sun? NO, he will not, he has no natural body to burn. We are all so scared to burn in the fire of hell when we leave the natural body. When we leave the natural body, we will leave as a totally spiritual being. How will the spiritual body be able to burn in a natural flame when we leave the earth? What is the flame of Hell then?

People mostly understand what they can see in the natural world. For this reason they do not know how much power they will attain when they are linked to God in the spirit world. We are all individual souls separated from God. We are as drops of water separated from an ocean. Our tendency is to become one with the ocean. At the time that the drop is put back into the ocean; it becomes the ocean. Once the ocean; it will have all the power of the ocean. The ocean is the power and light of God of whom we are all a part.

The Bible was written in hidden code. This is the reason for people not understanding what their journey is when reading the mysteries from the Bible. **The secret to God's light** was written to help all seekers develop a spiritual eye first, whereby they will be able to see into the spirit world. In spirit, the seeker will be able to find God and return His precious soul back to Him. The true power of man becoming God's sons, were made known to only but a few mediums in this world. **The secret to Gods Light, Beyond the secret and The secrets of the unknown God** are the first of a range of books that were written to reveal the codes and mysteries of the bible. The breaking of the codes will help link the seeker to God and the vast ocean of the holy spirits power from beyond.
